TO: Ms. Cynthia A. Schnedar, Acting Inspector General  
United States Department of Justice Fax No. (202) 514-4001  
RE: Citizen Complaint - Civil Rights Violations  
U.S. Department of Justice Policies as carried out by the Civil Rights Division

Dear Ms. Schnedar,

Attached is the letter I addressed to the OIG Hotline on February 15th concerning the violation of the DD Act and the misrepresentation of Olmstead Decision by the Department of Justice to affect closure of Intermediate Care Facilities.

May I ask that you review the letter as well as the response (below) from the OIG Hotline office.

I believe the policies and actions of the Civil Rights Division of the DOJ are under the direction of Tom Perez, Assistant Attorney General and include Jonathan Smith -- Chief, Special Litigation Section/ Civil Rights Division, and Benjamin O. Taylor, Jr. -- Deputy Chief, Special Litigation Section/Civil Rights Division.

We look forward to your investigation and reply and will appreciate your help in this most critical situation for our loved ones with severe intellectual and developmental disabilities.

Sincerely,

Lila Klausman, Pres.  
Parents Planning Programs (PPP) for the Developmentally Disabled of Florida, Inc.
